COMMERCIAL SOLICITATIONS IN SHARED SPACES

The official policy of the University of Wisconsin's Board of Regents,; according to General Administrative Code UWS 18.06(16), "No person may sell, peddle or solicit for the sale of goods, services, or contributions on any university lands." The UW-Madison implementation of that policy is available at <http://www.union.wisc.edu/meetings/policies/pdfs/P-3.pdf> .

The only place in the building where staff may post Commercial Solicitations is on the general bulletin board in the 6th floor break room where they can be posted on a first come first serve basis. The Building Manager does not provide any maintenance for this board.

Each tenant can determine if any of the exemptions apply to their employee requests for their own suite

This policy does not apply to the bulletin boards maintained by the unions located in the 6th floor break room.

EMERGENCY PROCEDURES

Reporting Emergencies

You should call 911 in ALL emergencies.

To reach UW-Madison Police Department's Communication Center dial

9-1-1

9-9-1-1 or

8-9-1-1.

All of these options will ring into the Communications Center when called from a University-owned building (if calling from a non-University owned building, the calls will go to the Dane County Communications Center).

All 911 calls are voice and TTY.

WHAT IS AN EMERGENCY?

An emergency is any immediate threat to life and/or property that requires immediate response from police, fire or EMS. Some examples of emergencies are crimes in progress, any kind of fire or a serious injury or illness. If you are not sure if an incident falls into an emergency classification, feel free to call 911 when an immediate response is needed.

WHEN REPORTING AN EMERGENCY

- Stay on the line with the dispatcher.
- Provide the address, location and a description of the emergency.
- Provide the phone number at your location.
- Provide a thorough description of the incident to assure appropriate resources are dispatched.

NON-EMERGENCY PHONE NUMBERS

The following numbers are provided for non-emergency situations. Use of these numbers will still provide a prompt response from the responsible agency and keep 911 lines free for emergencies.

UW Police	264-COPS (2677)
UW Safety Department	262-8769
Physical Plant/CARS	263-3333 Voice or 265-4550 TTY
Facility Access	263-3201 Voice/264-5147 TTY/265-3139 FAX

TORNADO

The Building Evacuation Routes for 21 N. Park Street have been posted throughout the building. They show accessible exits, fire extinguisher locations and areas of rescue assistance, etc.

The postings also highlight where employees should go in case of a tornado warning. Since there are several requirements a tornado shelter must meet, the designated areas aren't necessarily intuitive.

The following areas are approved as tornado shelters...

Parking Decks

1st Floor: Bathrooms

Staircase leading to first floor (area without windows) and hallway leading to door facing Fraboni's

5th Floor: Bathrooms

Park Street elevator lobby and main hallway from that end stopping at (shared space) conference room 5041

6th Floor: Bathrooms

Both Park Street and East Campus Mall elevator lobbies and the main hallway EXCEPT for the walls surrounding the shared seating areas and the staircase going to the 7th floor

Hallway 6200 M in Business Services (runs between conference rooms 6202 and 6205)

Hallway 6300 M, 6400 V and 6400 U in RSP (1st and 2nd RSP doors from the East Campus Mall elevator lobby)

7th Floor: Bathrooms

As you can see, each floor does not have designated tornado shelters sufficient for all employees. If one of these locations is not available, you should seek shelter in an interior hallway, avoiding large rooms, windows and elevators.

Administration/Space

FIRE

Upon discovering smoke, fire, or flames in the building:

- Activate the fire alarm system by pulling the nearest fire alarm.
- Evacuate using the nearest exit or alternate safe route

From a safe location (assembly point) call **911** and be prepared to give:

- Building Name (21 N. Park Street)
- Floor
- Room Number
- Type of Incident
- **Do not** use elevators during a fire emergency.

When the fire alarm sounds, immediate evacuation of the facility is required. Walk, do not run to the nearest stairway exit and proceed to ground level. If the stairway contains smoke or fumes, use an alternative stairway exit. If it is safe to do so, close all doors and windows as you leave.

People with disabilities should get assistance from co-workers to reach the emergency rescue area. Supervisors should establish procedures for anyone in their unit who may have difficulty getting to the emergency rescue area. Co-workers would help the person reach the emergency rescue area and then when the co-workers leave the building they would again notify emergency personnel with the information that a person needs assistance and provide the location of the individual.

Emergency Rescue Areas

The “Area of Rescue Assistance” areas are located on Floors 5, 6 and 7 by the East Campus Mall elevators. Persons with disabilities should push the button and wait for rescue personnel to arrive and assist them out of the building.

*****NOTE*** the alarm may not sound continuously.** If the alarm stops, continue the evacuation and warn others who may attempt to enter the building after the alarm stops.

- Leave the building and move at least 500 feet away, leaving the driveways and walkways open for arriving police and fire equipment.
- DO NOT enter building until given the all clear from the Fire Department.
- Someone familiar with the situation and who knows the area involved should meet the fire department. Someone with keys, which may be needed to allow firefighters access to affected areas, should make themselves available upon arrival of the fire department.
- Notify firefighters on the scene if you suspect someone may be trapped inside the building.

LOST AND FOUND

Business Services will coordinate the building's Lost and Found. Inquiries about lost or found items can be sent to building@bussvc.wisc.edu

- Business Services will place a time limit of 30 days for non-valued items that are stored before they are disposed of.
- All items of value/importance will be kept in a secured location and will be turned over to UWPD after 24 hours. We will attempt to locate and return items to owners prior to contacting UWPD.

Below are general guidelines for determining how Business Services will handle items in our Lost and Found:

1. Identify and categorize the item's importance and value or non value:

Visas, passports, and Social Security cards are considered items of importance. Credit/debit cards, checkbooks with checks, cell phones, digital cameras, lap tops, palm pilots, blackberries, I-pods, MP-3 players, intact wallets and purses (containing items of value/importance) are considered items of value. UW issued ID access cards are also considered items of value. Driver's licenses', ID cards, clothing, and other miscellaneous items are not considered items of importance or value.

2. Attempt to locate the owner:

If able to locate a name or department on an item, check for student/staff affiliation and then attempt to contact the person by phone or email. If owner is contacted, arrange for the item to be picked up. A photo ID and proof of ownership is required before any item of value/importance is turned over to someone.

3. Transfer item to UWPD:

If no contact is made with owner or there is no identifying information, and the item has been kept for the standard 24 hours, UWPD is contacted to arrange pick up. Any information available about the item is given to the responding officer.

WISCARD

Combines your UW Madison ID Card, Debit, Access & Meal Plan Functions. See www.wiscard.wisc.edu for more information.

Getting a Wiscard

Go to the Wiscard Office in Union South (Note: During the construction of the new Union South, the Wiscard Office is located at Memorial Union). Normal hours of operation are Monday thru Friday from 8:00 am to 4:15 pm. You will need to present some form of personal photo identification such as a valid driver's license, passport, state or federal ID.

Fees

Your first University ID card is issued to you at no cost. This card is valid throughout your entire academic and/or employment career at the University of Wisconsin-Madison. A replacement card can be issued at no cost as long as you surrender your current valid ID at the time the new card is issued. Lost cards can be replaced for a \$25 fee. Payment can be made by cash or check.

Access on your WisCard

The new WisCard also serves as your door access card. Once you receive your new WisCard you will need to see your individual building "Access Administrator" so they can update the access via "Webclient." There could be a delay of up to three days to activate the access portion of the card.

Lost WisCards

If you lose your ID, you should report it immediately. Go to the following website: <http://www.wiscard.wisc.edu/> and click on "Manage My Account." The fee to replace a lost or stolen card is \$25.00.

*NOTE: Faculty/Staff: The Wiscard Office can make a faculty/staff ID card ONLY after the department or school has entered the employee data into the appointment system. It generally takes 1-3 business days for this authorization to appear in the ID database. It is recommended a faculty/staff person ask their HR rep whether their appointment is entered into the HR

System prior to heading to the Wiscard office to ensure they will be issued a Wiscard.
Wiscards have a five year expiration date on them and will have to be renewed.

KEYS

Each department/division is responsible for its own key policy, including distribution of keys. Employees need to see their department key administrator to fill out the “UW Key Issue” form which can be found at Physical Plant’s website: <https://fpm-www3.fpm.wisc.edu/PhysicalPlantDNN/Default.aspx?tabid=1> Enter your NetID and password. It is the employee’s responsibility to pay for all costs resulting from lost or stolen key(s).

THEFTS

Thefts should be reported to UWPD (264-COPS). You should also contact building@bussvc.wisc.edu .

SUSPICIOUS PERSONS

Staff members working in the building are encouraged to approach any building visitors engaged in inappropriate behavior. University Police recommend that staff who chooses to address a problem should begin by stating their authority, i.e., “I’m responsible for this area...” If there is the slightest implication of personal risk or if a staff member has confronted a situation but to no avail, 911 should be called. University Police respond to 911 calls on campus.

TRAINING

UW Police provides a general safety program called Badger Watch. It is one-hour training for students and staff. Its goal is to help staff understand how to recognize and handle many of the safety and security issues that might arise on campus and at home.
